DETAILED ACTION

Withdrawal of Finality/Reopen Prosecution

Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Previously Set Forth Grounds of Rejection

The 35 U.S.C. § 103(a) rejection of claims 1, 2, 4 and 6-9 as being unpatentable over Van Dam (U.S. Patent No. 5,065,738) in view of Rooney et al. (U.S. Patent No. 5,656,014) is hereby *withdrawn*

The following new grounds of rejection are set forth:

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 8 are rejected under 35 U.S.C. 102(b) as being anticipated by the Panduit Publication (1999).

In regard to claim 1, The Panduit publication teaches a plate having a top surface, a bottom surface, a forward end, a rear end, a first side, a second side and a central area, a foam support having a top surface and a bottom surface where the top

surface is attached to the plate's bottom surface, a bottom surface and an adhesive having a top surface attached to and extending along the foam support bottom surface (see pages 1 and 2 of the Panduit publication). The device as disclosed by Panduit is capable of attachment to a laryngoscope blade. **In regard to claim 8**, page 2 of the Panduit publication shows a liner for covering the adhesive.

Allowable Subject Matter

Claims 2-7 and 9-17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1-17 have been considered but are moot in view of the new ground(s) of rejection.
